

## Part 1

She lies on her back in the sea ; too far from the boat to touch but perhaps close enough to hear you.

Hypericum perforatum, amrenavir, atazanavir, ritonavir, delaverdine, efavirenz, idinavir, nelfinavir, zidovudine, ketoconazole, saquinavir.

## Part 2

Petworth, July 16th 1970

Dearest dot dot dot

Doing a filthy pleasure is and short;

And done we straight repent us of the sport;

Let us not then rush blindly to it;

Like lustful beasts that only know to do it:

For lust will languish and the heat decay.

But thus, thus, keeping endless holiday,

Let us together closely lie and kiss,

There is no labour, nor no shame in this;

This hath pleased, doth please and long will please;

Never can this decay, but is beginning ever.

He was described as being like a great Spanish galleon: yet he had the sensitivity to write like that!

I have now run out of ink, but will telephone to you on Monday.

Best love,

Dot dot dot

## Part 3

Le pendu, la force, et la mort.

Odin hangs from this tree;

He will learn all there is to know.

You can not know.

You are entranced;

This is your reparation.

All is triumph;

All is death.
